Mr. Andrews,

Mr. Moore,

I represent MIC Group, LLC, in Brenham Texas and was just provided a copy of the TCEQ letter dated October 15, 2014. It references a first letter dated August 28, 2014, which was not received and I would like to request a copy.

In the latest letter, a website is referenced where additional information could be found. In attempting to access the website, it indicates that access is forbidden. Please provide a proper access and URL, or provide me with a copy of all the available information related to MIC Group, LLC. As I received the notice of the meeting just today, I will be attending by phone rather than in person.

Thank you,

Phil Schull

VP of Risk Management
